March 2010 Update

This month another record was broken with 379 visitors in 44-hours. Comparing this March with 2009, our record breaking year, we end March 2010 with 250 visitors ahead of March 2009.

This number does not reflect our frequent “shoppers” who visit simply to pick-up the new or partially used items from the swap area. With the recent rain, weeds are plentiful and shoppers have been looking for and finding plenty of weed killer and pre-emergent. Popular brands like Round-Up™ and Weed-Be-Gone™ have been flying off the shelves as fast as the containers are checked by staff and placed out.

March is typically one of the slower months, so HPCC staff is extremely excited to see what April brings, especially with the recycling day taking place on April 10th.
